

THE FIRST BABY.

Coming Is Looked Forward to With Both Joy and Fear and its Safe Arrival is Hailed With Pride and Delight by All.

The arrival of the first baby in the household is the happiest and most important event of married life. The young wife who is to become a mother delights to think of the happiness in store for her when the little one shall nestle upon her breast and latterly she shall hear it lisp the sweet and holy name, "mother." But her happy anticipation quickly vanishes when she realizes the terrible pain and suffering through which she must pass while bringing the little one into the world. An indescribable fear of the danger attendant upon the ordeal soon dissipates her joyfulness.

Thousands of women have learned by experience that there is absolutely no necessity for the suffering which attend child-birth; they know that by the use of "Mother's Friend"—a scientific liniment—for a few weeks before the trying hour, expectant mothers can prepare themselves for the final hour that the pain and suffering of the dreaded event are entirely obviated and it is safely passed through with comparatively little discomfort.

All women are interested, and especially expectant mothers who for the first time have to undergo this trial, in such a remedy, for they know the pain and suffering, to say nothing of the danger, which is in store for them. "Mother's Friend" is woman's greatest blessing, for it takes her safely through the severest ordeal of her life. Every woman should be glad to read the little book "Before Baby is Born," which contains information of great value to all. It will be sent free to any one who sends their address to The Bradford Regulator Co., Atlanta, Ga.

Blood Troubles: Cancer, Scrofula, Old Sores, Rheumatism, Contagious Blood Poison, Chronic Ulcers.

As the blood contains all the elements necessary to sustain life, it is important that it be kept free of all impurities, or it becomes a source of disease, poisoning instead of nourishing the body, and loss of health is sure to follow. Some poisons enter the blood from without, through the skin by absorption, or inoculation; others from within, as when waste products accumulate in the system and ferment, allowing disease germs to develop and be taken into the circulation. While all blood troubles have one common origin, each has some peculiarity to distinguish it from the other. Contagious Blood Poison, Scrofula, Cancer, Rheumatism, Eczema and other blood diseases can be distinguished by a certain sore, ulcer, eruption or inflammation appearing on the skin. Every blood disease shows sooner or later on the outside and on the weakest part of the body, or where it finds the least resistance. Many mistake the sore or outward sign for the real disease, and attempt a cure by the use of salves, liniments and external applications. Valuable time is lost and no permanent benefit derived from such treatment.

BLOOD TROUBLES REQUIRE BLOOD REMEDIES; the poison must be completely and permanently eradicated—the blood reinforced, purified and cleansed, or the disease goes deeper and saps the very life. Mercury, opium and arsenic, the treatment usually prescribed in this class of diseases, are violent poisons, even when taken in small doses—never cure, but do much harm by adding another poison to the already overburdened, diseased blood.

S. S. S., Nature's own remedy, made of roots and herbs, attacks the disease in the blood, antidotes and forces out all impurities, makes weak, thin blood rich, strong and healthy, and at the same time builds up the general health. S. S. S. is the only purely vegetable blood purifier known, and the only one that can reach deep-seated blood troubles. A record of 50 years of successful cures proves it to be a reliable, unfailing specific for all blood and skin troubles.

Free Medical Treatment.—Our Medical Department is in charge of skilled physicians, who have made blood and skin diseases a life study, so if you have Contagious Blood Poison, Cancer, Scrofula, Rheumatism, Eczema, an Old Sore or Ulcer, write them fully for advice about your case. All correspondence is conducted in strictest confidence. We make no charge for this service. Book on blood and skin diseases free. SWIFT SPECIFIC CO., Atlanta, Ga.

Question-Answered.

Yes August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers, never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Sold by dealers in all civilized countries. Oct-27-1y
